

Principal Update **January 29, 2010**

The ***MLHS Mock Trial Team*** had back-to-back wins on Thursday Night and will advance to the Morris County Quarter Finals next week. Good Luck to our legal eagles; you have made us very proud.

Students in Mr. Frank Sanchez's US Government class experienced the true meaning of community service with a special trip to ***The Morristown Soup Kitchen***. After participating in a "Hunger Hurts" workshop, our students served lunch to more than 275 Soup Kitchen "guests," including the homeless, women, children and the ever increasing working poor population. The meal our students served was particularly meaningful, as it was prepared by a group of 24 MLHS students and faculty members who volunteered their efforts to make homemade meatloaf, roasted potatoes, barbecued chicken, rice, salad, fresh fruit salad, soup and a variety of delicious desserts. What a wonderful way to celebrate the spirit of service here at The Mountain Lakes High School!

Thank you to our amazing ***Home and School*** volunteers who are warming up cold Monday mornings with a scrumptious buffet breakfast and lunch for our teaching staff. Just another reminder of the truly unique and giving spirit of our community.

The ***Madrigal Choir*** leaves on tour today, please follow our tour schedule available on the homepage. Also available on the homepage is our tour program, thank you to all of our generous supporters for making this trip possible. I will be traveling with the choir, we return Sunday, February 7th. Please contact Assistant Principal, Mr. Steve Ryan should you have any questions or concerns next week.
