The Library Link is a brand new ***Library Newsletter*** produced by MLHS Media Specialist, Janice Hurley. Please check out the latest library news in the attachment.

Our students had a highly successful first quarter as evidenced by the impressive number of students who achieved Honor and Merit Roll status. A special thanks to the Home and School Association who will be feed the scholarly masses at a special ***academic achievement breakfast on Tuesday, November 24th*** in the cafeteria. In the first marking period, 13% of our total student body brought home report cards with straight As. 27% earned all As and 1 B. Another important measure, the citizenship mark, was evaluated and 15% of our student body earned Outstanding citizenship marks in all of their classes. It is these efforts from our students that make MLHS a truly exceptional high school. Thanks to all of our students for their hard work.
